

Energy & Utility Skills Register (EUSR) Affiliation with CSCS

Energy & Utility Skills and CSCS have affiliated their Registration schemes to enable access to construction sites for electricity, gas and water industry workers. The Construction and Utilities industries share a common goal and commitment to robust mechanisms that enable all workers to demonstrate Health and Safety Awareness and relevant skills and competences.

From January 2008 EUSR cards are CSCS affiliated for Utility workers needing entry to construction sites, usually to connect services.

From January 2009 EUSR cards have a new design and will carry the CSCS Logo for cardholders who are registered on affiliated categories.

The reverse of the card will remain the same and provides details of all the registration categories held by the cardholder, together with dates of expiry.

The list of EU Skills Registration Categories affiliated with CSCS are shown in the right hand column, and include:

- **All Utility SHEA Schemes** - to be registered in one or more of these categories the card holder will have successfully passed a Health, Safety and Environment knowledge assessment
- **Gas Network Operations – GNO** - these schemes are all NVQ based
- **Network Construction Operations - NCO (W), NCO (G) and NMO (G)** - these schemes are also NVQ based and will replace the GNO categories at renewal

Both old & new style cards are acceptable for entry to construction sites up to the date of expiry of the affiliated Registration category.

EUSR

Energy & Utility Skills Register

Utility SHEA Schemes

Gas Network Safety Passport (GNSP)
Utility SHEA (Gas)
Utility SHEA (Gas) Network
Utility SHEA (Gas) AGI
Cross Country Pipelines Health & Safety Passport (CCPHSE)
Water Sector Network Safety Passport (WNSP)
Utility SHEA (Water)
Utility SHEA (Water) Process
Utility SHEA (Water) Network
Utility SHEA (Electricity)
Safety, Health & Environmental Awareness (Core)

Gas Network Operations

GNO Trainee
GNO Assistant
GNO Team Leader Services
GNO Team Leader Mains: Up to 180mm
GNO Team Leader Mains: 180mm up to 355mm
GNO Team Leader Mains: 400mm & above
GNO Team Leader Mains: Up to 400mm
GNO Team Leader Mains & Srvs: Up to 180mm
GNO Team Leader Mains & Srvs: 180mm up to 355mm
GNO Team Leader Mains & Srvs: 400mm & above
GNO NVQ Level 3 (Craft)
Escape, Locate & Repair (ELR)

Network Construction Operations

NCO (W) Trainee
NCO (W) Assistant
NCO (W) Service Layer
NCO (W) Mains Layer: up to 180mm
NCO (W) Mains Layer: up to 355mm
NCO (W) Mains Layer: 400mm & above
NCO (W) Mains & Service Layer: up to 180mm
NCO (W) Mains & Service Layer: up to 355mm
NCO (W) Mains & Service Layer: 400mm & above
NCO (W) Supervisor
NCO (W) Exp Assistant
NCO (W) Exp Service Layer
NCO (W) Exp Mains Layer: up to 180mm
NCO (W) Exp Mains Layer: up to 355mm
NCO (W) Exp Mains Layer: 400mm & above
NCO (W) Exp Mains & Service Layer: up to 180mm
NCO (W) Exp Mains & Service Layer: up to 355mm
NCO (W) Exp Mains & Service Layer: 400mm & above
NCO (W) Exp Supervisor
NCO (W) PUD Service Layer
NCO (W) PUD Mains Layer: up to 355mm
NCO (W) PUD Mains & Service Layer: up to 355mm
NCO (W) Sites outside scope of NRSWA
NCO (G) Trainee
NCO (G) Assistant
NCO (G) Service Layer
NCO (G) Mains Layer: up to 180mm
NCO (G) Mains Layer: up to 355mm
NCO (G) Mains Layer: 400mm & above
NCO (G) Supervisor
NMO (G) Trainee
NMO (G) Assistant
NMO (G) Escape, Locate and Repair
NMO (G) ≤ 7 Bar
NMO (G) > 7 Bar
NMO (G) Electrical & Instrumentation
NMO (G) Specialist Operations
