Dear SCO Trainer,

## Updated SCO Scheme Materials (Trainer-led)

We have now completed a review of the Trainer-led SCO scheme materials. We've made minor changes to a number of documents in both the Initial & Renewal programmes, following your feedback. We have also reviewed the MCQ test papers and have reduced the number of questions used in the Renewal programme. We have issued a new set of SCO Scheme materials which can be identified as version 4.0.

We are uploading the revised materials on **Thursday 16 September 2021** and will remove the previous versions at the same time. Please make sure you are using the latest version, v4.0, for your next SCO training delivery.

If you have any questions at all relating to this, please contact:
